DIARY NOTES

A-DD/S

2 July 1970

25X1A

1. S. 782: [REDACTED] telephoned on 1 July concerning S. 782. The Bureau of the Budget, Mr. Victor Zafra, suggested some changes in the Agency's paper such as the deletion of the statement that S. 782 is an improvement over S. 1035. In sum, Mr. Zafra's suggested changes will result in a much tougher negative letter to make it consistent with and properly represent Administration position. Mr. Zafra also indicated that the Justice Department is opposed as are DOD and the Civil Service Commission.

25X1A [REDACTED] also advised that the proposed letters to State, Justice, Defense, etc. were being canceled in view of the broadly negative position taken by executive branch departments.

25X1A

As agreed with [REDACTED] I telephoned Mr. Bernard Rosen, Deputy to Mr. Nicholas Oganovic today to seek information concerning the Civil Service Commission's position which presumably would be the Administration's statement of position. Mr. Rosen confirmed that the Commission is taking a strongly negative stand and he offered to have one of the CSC experts telephone to provide more specific information. Mr. Ruediger did telephone and offered to provide a copy of the CSC paper plus a discussion after we had read it. I accepted his offer and we made arrangements to pick up the paper this afternoon.

As noted elsewhere Mr. Maury reported that Congressman Mahon had sent an extremely strong letter in our behalf to Congressman Henderson and Congressman Rivers is expected to do likewise.

25X1A

25X1A 2. Helms Meeting: Mr. Blake advised that Mr. George [REDACTED] had been called by [REDACTED] NSA, who asked information 25X1A on likely discussion points for the [REDACTED] Helms meeting. I telephoned 25X1A [REDACTED] and she said that no such meeting was on the Director's 25X1A calendar and that she had not been requested to set one up.

3. Department of Defense: Mr. John Clarke confirmed that a letter had been received from DepSecDef Packard concerning defense of DOD payment for certain equipment/supplies. Mr. Clarke has prepared a position paper for the Director. Mr. Clarke also stated that Mr. Karamessines has confirmed instruction that no further payment be made until the funding question is resolved with DOD. (I subsequently determined that Mr. Bush is aboard on this whole matter and that he has passed the word to [REDACTED] who will be acting for him next week.) 25X1A Mr. Clarke further stated that the Packard paper was actually an effort to force State and the White House to establish a proper assistance program rather than to dip into DOD's pocket. If it is not raised prior to that time, the Agency intends to put this matter on the table at the next WSAG meeting - presently scheduled for 7 July. Mr. Clarke's final point on this subject was that a major difficulty is the refusal of Dr. Kissinger to put the matter to the DOD.

4. Youth Opportunity Corps Workers: Mr. Blake advised that 6 Youth Opportunity Corps workers reported for duty 1 July. More are expected subsequent days but O/L does not really believe their full total will be reached.

5. Cable Coordination: We had a small stir with C/NE, [REDACTED] 25X1A concerning a cable originated and released in Logistics with no apparent coordination with NE even though it involved a politically sensitive matter. 25X1C The subject was [REDACTED] 25X1C [REDACTED] It turned out this was an accommodation arrangement between State Security and CIA Security, which would get [REDACTED] 25X1C 25X1C [REDACTED] In fact, coordination by black telephone had been effected with NE/Security, NE/Logistics, and NE/Support without real focusing of attention on the planned use of [REDACTED] We believe that proper coordination is worth mentioning at the Tuesday DD/S 25X1C Staff meeting.

6. [REDACTED] 25X1A [REDACTED] came in to see [REDACTED] 25X1A [REDACTED] will be away next week. I joined their discussion 25X1A briefly and assured [REDACTED] that the DD/S wished him to know that he is under no stigma or other pressure in that the whole set of problems which surfaced just prior to his departure from overseas was a subject to be handled in a dispassionate, factual and fair manner. [REDACTED] expressed 25X1A appreciation for this information. [REDACTED] expects to report for duty on 13 July. 25X1A

25X1A

25X1A 7. [REDACTED] came in to see me after  
25X1A completing his three year tour in [REDACTED] and prior to his departure  
next week for his new assignment as Executive Officer at [REDACTED] 25X1A  
(Interesting twist which he did not mention is that his replacement in  
25X1A [REDACTED] had been assigned to the position at [REDACTED] following his 25X1A  
25X1A return from [REDACTED] was very high in his praise for  
[REDACTED] 25X1A

\*8. Civilisation Film: Rather than losing "forever" one installment  
of the Civilisation series or to attempt to postpone a Saturday showing and  
have it be out of phase for the balance of the series, [REDACTED] proposed 25X1A  
and it has now been arranged, to have segments 8 and 9 shown on 11 July.  
(Segment 9 will be shown routinely on 6 July.) [REDACTED] has arranged 25X1A  
that when tickets are distributed for that Saturday's showing, there will be  
a note attached explaining the make-up showing of the other film on the  
same day.

MINUTES OF EXECUTIVE COMMITTEE MEETING

A-DD/S

1 July 1970

1. This was a very quiet meeting, really nothing too significant raised.

2. Mr. Jack Smith alluded to the debriefing of Mr. Rostow, his desire to discuss with the Director a method of proceeding.

*(separately noted to Mr. Osborn)*

3. Mr. Lehman discussed the puzzle of whether or not a change in Soviet high commanders was upcoming. He also talked a bit about the missile shoot-downs of Israeli aircraft in Egypt.

4. I described the DD/S action about the posters and handbills for the fourth of July program and also noted confirmation in the Washington Post that this was not a mandatory proposition. I noted that DD/S had got across to the Administrator's office a number of points concerning the unique character of our building.

5. Mr. Bross reported that the Froehlke review of intelligence within the Defense Department is scheduled for the week of 13 July.

25X1A [REDACTED] will be the Agency's participant. He will be accompanied as appropriate by other Agency officers. Mr. Bross also mentioned the dilemma of how to deal with the NRO session since the Froehlke review agenda calls for treatment prior to the NRO Executive Committee Meeting at which the DCI position will be made clear.

25X1A 6. Mr. Duckett reported a 30 June meeting with Jim Frey and 5 or 6 other BOB officers on [REDACTED] NSA participated and contributed to the generally favorable though initial position which was presented.

Mr. Duckett also noted some initial statistics one of which [REDACTED] items". drew a rhetorical question from the Director "wondering" of the actual value of these items. Mr. Duckett mentioned that NSA told BOB officers that some voice privacy/secrecy "take" gave rise to hope that enough could be obtained ultimately to get into the system. When the Director asked for clarification of the particular system Mr. Duckett likened it to our [REDACTED] to which the Director jokingly commented that the [REDACTED] would never be broken because it is not understandable.

7. General Cushman made a completely guarded allusion to a paper from Deputy Secretary of Defense Packard sent to him by the Director which raised a flag about DOD payments - presumably for materiel for Southeast Asia. Mr. Karamessines who was apparently aware of the paper evidenced no concern about the matter.

8. The Director remarked that today is the beginning of a new fiscal year. He said that John Clarke had informed him yesterday that the Agency completed FY '70 in a solvent condition - the Director expressed relief at this fact. The Director also said that FY '71 will be "very dicey indeed".
